Technical drawing of a cabinet. The drawing shows a side view of a cabinet with a height dimension of 3042. The cabinet has a dark gray body and a lighter gray top and bottom. The top and bottom sections are divided into five equal compartments. The bottom section also features two small white rectangular labels. The drawing is set against a background with a hatched pattern.

Technical drawing of a refrigerator with five doors. The height is indicated as 3042. The drawing shows the front view with a top and bottom panel and five main door compartments. The bottom panel features two small rectangular cutouts. The refrigerator is shown sitting on a textured base.

Technical drawing of a two-door cabinet. The cabinet is dark grey with two doors. The left door features a rectangular window with a blue and white diagonal striped pattern. The cabinet has a top rail with two white rectangular labels and a bottom rail. A vertical dimension line on the right indicates a height of 3042. The cabinet is shown on a base with a hatched pattern.
